

UNITED STATES GENERAL ACCOUNTING OFFICE
WASHINGTON, D.C. 20548

INTERNATIONAL DIVISION

MAR 17 1978

The Honorable Stansfield Turner
Central Intelligence Agency
Langley, Virginia 20505

Attention: Office of Legislative Counsel

Dear Admiral Turner:

The General Government Division of the General Accounting Office is undertaking a self-initiated survey on drug enforcement strategies and accomplishments. So that you can notify the appropriate offices, I am providing the following information.

During this multi-agency survey, information will be gathered on the drug problem, drug sources and supply reduction efforts, including U.S. strategies and efforts internationally and domestically by Federal, State and local agencies. In addition, it is anticipated that much of this work will be historical in nature and will include program accomplishments. No overseas work is planned at this time.

Anticipating a late March start, the survey will be performed by our Los Angeles regional staff--Pat Gormley and Tom Repasch--and our staff from our headquarters office--John Chunta and Pat Haynes.

Should there be any questions concerning this survey, please contact Mr. Gormley (8-798-4106) or Mr. Chunta (633-1559).

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Frank C. Conahan".
